

Application for approval of a Ballast Water Management Plan

Last updated: July 2019

This document is uncontrolled if printed. Please refer to the Maritime New Zealand website for the latest version.

About this form

Use this form if you are applying for approval of a Ballast Water Management Plan (BWMP) under the provisions of Marine Protection Rules Part 300.

To complete this application, you need to provide all of the information we require. If you do not provide all of the required information we cannot process your application and we will return it and your other documents to you.

To help you complete this application correctly, *refer to 4.2 Checklist* in this form and the Ballast Water Management guideline (maritimenz.govt.nz/ballast) to make sure you have provided all of the information we need and your ballast water management plan provides the information required.

Note:

If you want to authorise a person or company to act as your agent for this application, you need to complete an *Authority to act as an agent form* as well.

Note:

The BWMP is approved by Maritime NZ as the first stage of the BWM application process, and must be completed and approved prior to the application for the BWM certificate.

2. Expert reviewer details

To ensure the Ballast Water Management on board the ship will not compromise the stability or structural integrity of the ship, Maritime NZ requires that the BWMP is reviewed by a design approver or a degree qualified naval architect. An expert reviewer can develop the aspects of the BWMP that address stability and structural integrity.

Your application needs to include a declaration from the person to the effect that they are satisfied that the vessel can safely undertake the ballast water operations proposed in the ballast water management plan submitted. Please include this person's details below:

Name of expert

Address

Telephone
E.G +64 1 234-5678
